

Online and Mobile Banking - New features

- New look to the accounts home page
- Easily moveable drag-and-drop account tiles on the accounts home page
 - Users can move account titles to customize the appearance of the home page. If using a mouse, click a tile, hold the mouse button, drag the tile to a new location and release the mouse button. On a mobile device, tap and hold a tile, drag it to a new location and lift your finger to drop the tile in that location.
- New custom account grouping feature
 - Users can use the new Account Grouping feature to categorize accounts on the home page. To create a new account group, drag an account tile to the “New Group” icon. When the tile is “dropped,” enter a name for the new group and click the check mark to save the changes.

- Change in color in Account history
 - The change to the account history colors better puts us in compliance with the Americans With Disabilities Act. The red and green didn't work for individuals with colorblindness and also caused printing problems for some members so the (withdrawals) in parenthesis and deposits without parenthesis was the best solution.

The screenshot displays the American Airlines Credit Union mobile app interface. At the top, there is a navigation bar with a 'Menu' button, the 'American Airlines Credit Union' logo, and a user greeting: 'Welcome back, CARD TEST2' with the last login time '10/30/2017 at 2:59 PM' and a 'More' button. Below the navigation bar is a promotional banner for '#CUThisSummer' with a photo of a man taking a selfie in front of the Eiffel Tower. The main content area is organized into sections: 'Checking', 'Savings', and 'Loans'. Each section contains account tiles. A callout bubble labeled 'Quick Transfer' points to the three-dot menu icon on the 'Testacct2 uChecking 1' tile.
